# abiglife zones of regulation

Our Zones of Regulation describes our emotions that are divided into similar energy levels or alertness. This term students are working on ways to positively cope and care for their emotions, so that they can remain engaged in their learning throughout the day at school.

**Blue zone** describes low or slow energy levels/alertness. Eg. Sad, tired, bored, disinterested.

**Green Zone** describes emotions where we are ready to learn, good to go, happy, calm, in flow.

**Yellow Zone** describes emotions that are higher energy/alertness that mean we are starting to lose control of our emotions and might need to do something to calm ourselves down. Examples include: excited, frustrated, worried, upset, wriggly.

**Red Zone** emotions describe emotions where we can lose control and we are at risk of our & others safety. Eg. furious, Ecstatic, flipping our lid, overjoyed.

*You can support your child to work on ways to cope and care for their emotions at home by talking about ways you care for your different emotions and zones. And by practicing positive coping strategies with your child, to help them care for their emotions. Either when they are experiencing that emotion or when they are calm.*

## Ways to care:

**Blue zone** - something to lift their energy - eg. change the activity they are doing, have a sleep, drink of water, have a cuddle with a special adult or teddy, ask for help.

**Green zone** - having a snack, drinking some water, going for a walk/ride/run, jumping on the trampoline, talking to a friend or family member, colouring in, going out in nature.

**Yellow zone** - Taking some deep belly breaths, listening to music, talking about their feelings, watching a tv show, colouring in, moving their body - jumping on the trampoline, pushing, pulling, skipping, using a weighted blanket, finding a quiet place to read, writing a thank you letter.

**Red Zone** - Stop what they are doing and find a safe space to have quiet time, take shoes and socks or jumper off, take cold drink, take some deep belly breaths or do a mindfulness activity, find a quiet and safe space outside, cuddle a teddy or into a snuggly doona.

## A NEW NAME IS COMING... SMART SCHOOLS

You may soon notice a new name when ordering lunches, buying uniforms or booking school events.

### SCHOOL LUNCH ONLINE WILL SOON BECOME SMART SCHOOLS

Over the coming weeks your school will move across to the new Smart Schools platform. While the name and look are changing, the people behind the system remain exactly the same. Please continue to call the same phone number and email the same people who understand how best to help your school.

WHAT WILL HAPPEN? Your school will soon transition from School Lunch Online to the new Smart Schools platform. The school caterer, please, to continue improving the service we provide to schools and families. We will support you with a 24-hour helpline, get your school and book school events will remain the same. We have the same team responsible behind the scenes, including 24/7 helpline for free school events.

What Do Parents Need To Do? The good news is... very little. When your school moves across:

- Your school will receive a new login for the new system
- Your school and suppliers will remain the same
- Your school will have the same day the new system becomes online.

### A SMALL FAVOUR FROM US

Whenever a system changes there can occasionally be a few teething issues while everything settles in. If everything doesn't look quite right in the early days, please bear with us while we smooth things out. Smart Schools is still a new and exciting business, and we genuinely care about providing a service that works well for families and schools.

Thank you for supporting our small Australian business and the schools we work with. We're excited to introduce Smart Schools and look forward to continuing to make school mornings just a little bit easier.

### INSTALL THE SMART SCHOOLS APP

For even easier access, you can add Smart Schools to your phone like an app. This allows you to quickly place orders, check balances and book events without needing to search for the website each time.

- On iPhone or iPad:
- Open [smartschools.com.au](http://smartschools.com.au) in Safari
  - Tap the Share button at the bottom of the screen
  - Select "Add to Home Screen"
- On Android phones:
- Open [smartschools.com.au](http://smartschools.com.au) in Chrome
  - Tap the menu (three dots) in the top corner
  - Select "Add Home Screen"
  - Tap install
  - You can then open Smart Schools directly from your home screen.

### KOROIT PRIMARY SCHOOL BULB FUNDRAISER

🌸 We did it — \$1000 raised! 🌸

A huge THANK YOU to our incredible school community for helping us reach our fundraising goal 🌟

There's still a little time left to place your orders before the fundraiser closes, so this is your **final call!**

<https://www.bulbfundraiser.com.au/KOROITPS>

Don't forget — these beautiful bulbs also make the perfect **Mother's Day gift** 🌸 A thoughtful, lasting way to celebrate someone special.

🌷 Let's finish strong 🌷

### **Mother's Day Stall – Call for Quality Items**

<https://docs.google.com/spreadsheets/d/1gpITXJR7pODmjd1fL76m6a2ruO60v55IMKjQTc8RISE/edit?usp=drivesdk>

There are plenty of ways to get involved, including helping with the barbecue, serving, clean-up, and preparing treats like donuts and snow cones.

If you have any questions, please don't hesitate to ask. We would greatly appreciate each family contributing a little of their time to help make this event a success!

## PARENT, CARERS & FRIENDS *newsletter*

We are so pleased to have you as a member of our community

### WHAT IS PCF?

If you're not familiar the PCF is a group of parents, carers and community members who work alongside, learn and staff to support our school community. We aim to contribute in practical ways and help create a positive, connected environment for all pupils here. At its core, the PCF is about people - supporting our job and helping children access our school.

### WHAT WE DO

- Support the wellbeing of our school community
- Create opportunities for families to connect
- Help parents stay informed and involved
- Contribute ideas and feedback
- Raise funds for projects that directly benefit our students

We hold a committee meeting once per term with an AGM at the beginning of each year. Committee members must be registered in accordance with our constitution, but we welcome to join at anytime of the year. Our 2022 committee are:

<b>CHAIR:</b> Chloe Owen	<b>VICE CHAIR:</b> Olivia Gardner	<b>SECRETARY:</b> GEM Topley and Irene McIlroy	<b>TREASURER:</b> Lily Board
-----------------------------	--------------------------------------	---	---------------------------------

 Sarah Sullivan	 Lisa Ryan	 Kris Povey	 Bec Todd	 Jared Hoakoma
 Samantha Lucas	 Kim Humphreys	 Brooke Stewart	 Amy Jobling	 Tahmine Thornton

### HOW CAN YOU BE INVOLVED?

You can be involved in whatever way suits you and your family. We understand that not everyone has the capacity or desire to be involved in every event. However, we do encourage families to help out in some way across the year. This might look like volunteering your time, donating items for events, or simply supporting our fundraising efforts. We also encourage all families to join our PCF through Facebook Messenger - group ID: an easy and informal way for us to share updates, ask for volunteers and keep everyone informed about what's coming up. Any of our committee can add you to the messenger group so please just ask to be added!

### 2022 FUNDRAISING GOAL

In previous years, we've fundraised for school used directly by our children including sports equipment and uniforms, disposable resources, class disco fundraising, library space resources and classroom iPads.

This year we are focusing our efforts on contributing to the replacement of an all-weather shelter over the basketball court. This is a big and ambitious project and it's still in the very early stages. However, the impact will be significant. It will create a space that can be used year round for outdoor play as well as assemblies and school events. Currently, there are heated outdoor options for use during wet weather or extreme heat and keeping children in the classroom all day isn't ideal for our children or the teachers.

This will be a joint fundraising effort, with external funding opportunities already being explored. If you're aware of any grants, grantwriting opportunities or funding opportunities, we'd love to hear from you.

It's important to us that our school community knows what we're working towards, and how you can be involved. We know it's not always easy to stay across everything happening at school, so with introducing a simple paper-based newsletter once a term to help keep everyone informed and connected.

But we'd love your feedback! Do you read it? Don't like it? What could we do better?
